

2008 Back Cove 26 \$110,000

Ok, this is what we call a "barn find". The owner ordered her brand new, put her in the water part of the first season, 2 months the second season, then winterized her and did not see the water till 2017 where she was fully serviced. Less than 50 hours on her and never even had a name on the transom.....sad, but true.

She is ready to go back in the water!

Note: Lead photo is a stock photo. She has a rare white hull and is equipped with the desirable hard-top.

Great opportunity to purchase an essentially new Back Cove 26!
