

'I thought I was too late to join the world of computers, but even though I was starting at the very beginning, I got to grips with it much more quickly than I expected.'

Starting to use a computer can feel like a visit to a foreign country – things look familiar but you can't speak the language. Getting to grips with computers is much easier than learning a new language. Our guides will set you on the right path.

Getting started

Introductory guides to help beginners get going.
