

Join our Network for just £100 per month

“Joining the Digital Champions Network gives us the infrastructure we need to evolve our digital skills support into a more encompassing and sustainable approach for our tenants.”

Ian Merriman Resident Engagement Team Leader at City West Homes

If you're planning a digital inclusion programme you need to put Digital Champions at the heart of it. Our Network shows that a trained and active Digital Champion helps, on average, 30 people a year with digital skills. Many Champions have helped over 75 people.

Training and supporting just 10 Digital Champions, whether they are staff, residents or volunteers, **means you could be inspiring and helping more than 300 people** to use digital technology. In just 12 months.

With our standard membership costing only £1,200, you could be reaching each of those **300 people for around £4 per person**.

		Joining cost (+VAT)	Annual renewal after 12 months (+VAT)
Standard	10 Digital Champion licences + 1 project manager account	£1,200	From £600

Additional licences can be bought at any time in bundles of 10 for £900 + VAT

**Joining
cost

**Annual
renewal after
12 months
(+VAT)**

All annual membership includes

A Digital Champion training ground

- ▶ A wide range of online courses to improve a Digital Champion's technical and teaching skills and make them feel confident and equipped.
- ▶ Personal and professional development through CPD accreditation, records of achievement, digital badges and course certificates.
- ▶ Hundreds of resources to plan sessions, create learner packs and find answers.
- ▶ A huge community of Digital Champions to share ideas, experiences or conundrums.
- ▶ Tools to track what Digital Champions are doing and show the difference they're making.

Tools to supercharge your Digital Champion project

- ▶
- ▶

Want an extra boost?

No problem. In addition to membership of our Digital Champions Network, we offer strategic and wrap around support to complement your digital skills programme. We can help you with:

- ▶ Creating tailored e-learning for your specific audiences and/or objectives
- ▶ Planning and launching your Digital Champion initiative
- ▶ Designing the framework to measure your project's impact
- ▶ Recruiting and inducting your new army of Digital Champions
- ▶ Planning your project's long-term sustainability and lasting legacy
