

# Being a remote Digital Champion

 [Print this guide](#)

Being online helps people stay safe, stay informed and stay connected. But many still need help improving their skills and confidence to use digital technology.

When face to face support isn't possible, help can be given remotely - via telephone, video call, email or messaging. **Our range of handy guides and top tips on being a Remote Digital Champion will help you make a digital difference to others, whatever the distance between you.**

All the guides can be viewed [here](#):
