

Using the internet

'It's strange now to think of a world without the internet. I'm so glad I got involved. It's changed the way I do everything – shopping, communicating, booking holidays, even dating!'

Since it emerged in the 1980s and '90s, the internet has changed the way that we live our lives. It is exciting and empowering, but also intimidating. It can be hard to know where to start and how to navigate the massive amounts of information on offer. Our guides will give you all the tools you need to become a confident internet user, surfing the web with aplomb.

Connecting to the internet

An introduction to the internet, plus all the information you need to get connected.
