- Portable fire extinguishers in all accommodation spaces.
- Corrosion proof Marelon sea valves.
- Bonding system to safeguard against galvanic corrosion
- (3) Automatic 12V electric bilge pumps.
- (3) high water sensors with alarm.

From the Manufacturer

Over the last fifteen years the Sabre range of Salon Express motor yachts has reshaped the boating market. Unlike typical express cruisers which tend only to go out on those all-too rare 'perfect' days, owners of the Salon Express style can enjoy boating each and every day of the season tucked into the comfort and quiet of their yachts climate controlled interior.

Now, Sabre presents the 45 Salon Express. An all new design offering two staterooms with two full heads. But her most unique proposition is the utility space located between the engine room and the guest stateroom. This space is reserved for the installation of optional accessories like a gyro stabilizer, washer/drier, additional freezers or wine chillers. By creating this working space, all storage areas within the vessel have been retained for their designed purpose.

Disclaimer The Company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to prior sale, price change, or withdrawal without notice.
